

Building a Healthier, More Connected North Texas

Corporate partnerships that strengthen
communities and expand access
to affirming healthcare

Building a Healthier, More Connected North Texas

Who We Are

Resource Center is a trusted anchor in North Texas, delivering compassionate care, support, and education to more than 61,000 people across eight counties.

- Founded in 1983 to educate, advocate and address urgent community needs during the AIDS pandemic.
- Recognized leader in affirming healthcare, nutrition, mental wellness, and community engagement.
- Focused on building stronger, more connected communities.

Building a Healthier, More Connected North Texas

Our Pillars of Impact

Health & Wellness Innovation:

Delivering high-quality, accessible care to underserved communities — including primary care, nutrition services, pharmacy, dental, mental health support, and preventive strategies that strengthen long-term community wellness.

"If it weren't for Resource Center, as hard as my life has been, it would've been so much harder."

– Ron, food pantry client

Empowering Youth:

Investing in the next generation through mentorship, skill-building, and safe spaces that foster emotional resilience and leadership potential.

"Being around people like you is so important for all people."

– Zeke, Community Wellness participant

Building a Healthier, More Connected North Texas

Our Pillars of Impact

Supporting Seniors:

Helping older adults thrive through affordable housing, social engagement, a food pantry, and holistic wellness support.

"This community changed how I think about myself. It helped me feel human again."

– **Lilith, Community Wellness participant**

Workforce Development:

Through our SMU partnership, graduate counseling students complete clinical hours at Resource Center — expanding access to affirming care and building a more inclusive mental health workforce.

Why Partner with Resource Center?

Partnering with Resource Center demonstrates your commitment to building a healthier, more inclusive community.

- Help make North Texas a safer, healthier place to live and work — where everyone can thrive.
- Align your brand with purpose, progress, and lasting community impact.
- Engage employees in high-impact volunteerism and giving.
- Build loyalty among socially conscious consumers.

Ways to Partner

Volunteer With Us:

Engage your employees in meaningful service — like packing groceries, staffing community events, or hosting health outreach days. Team-based volunteering boosts morale, promotes team-building, and demonstrates shared purpose.

Host a Drive:

Organize an in-kind donation drive for shelf-stable foods or hygiene items for our food pantry. These high-impact activities are turnkey, highly visible, and a great way to engage your customers or clients, too.

Employee Giving & Matching:

Encourage employees to contribute by creating a match challenge or payroll giving campaign. We'll provide storytelling content to motivate giving and amplify impact.

Sponsor or Attend a Signature Event:

Put your brand front and center by sponsoring one of our high-visibility events like Toast To Life™ or Gaybingo®. Event sponsorship includes custom branding, press recognition, and employee attendance.

Schedule a Learning Experience:

Host a Resource Center speaker for a lunch-and-learn, CSR training, or policy education session to deepen employee understanding of community health and resilience.

Be a Voice for Change:

Join our advocacy efforts to influence policies that ensure every North Texan has access to health, housing, and community. Public-private collaboration makes the strongest impact.

Building Skills, Building Confidence:

Host a wellness or life skills workshop that help community members build knowledge, develop practical skills, and gain confidence in navigating personal, professional, and community life.
